

BLACK HISTORY MONTH CELEBRATION

THE FUTURE OF BUSINESS, INNOVATION, AND ENTREPRENEURSHIP

The Minority Business Development Agency, United States Patent and Trademark Office, White House Initiative on Historically Black Colleges and Universities, and Clark Atlanta University join forces to present an exciting range of activities and speakers focused on entrepreneurship, business, and innovation. Exhibitors featuring internship and mentor programs will also be on hand for stimulating informational exchanges.

February 21, 2019 • Noon to 1:15 p.m.

Free admission • Limited seating • Krogman Dining Hall (rear area) • CAU Student Center
Maximum Capacity 100 persons Register @ [eventbrite.com](https://www.eventbrite.com)

Keynote Speaker: Dr. Lonnie Johnson

Dr. Lonnie Johnson, a bonafide “rocket scientist”, has just one mission—to ensure the world has enough energy for a prosperous future. Although he has devoted his life to solving some of the world’s most complex technological problems, he is best known for his widely popular invention, the Super Soaker water gun. Dr. Johnson is a prolific inventor and holds more than 100 patents, the vast majority of which are energy related.
